SUBJECT : Department of Defense Evaluation of Abridged Project [REDACTED]

25X1A2g

1. This memorandum submits a recommendation for your approval; this recommendation is contained in paragraph 4.

25X1A2g

2. A survey was conducted on the value to the Department of Defense of Project [REDACTED] which was conducted on 19-20 May. Eight senior officers from among the fifty-one participants were interviewed. We also have received a letter from the Commandant of the Defense Intelligence School evaluating the briefing on behalf of his five faculty members who attended the course. It was the consensus of the respondents that the two-day briefing was of definite value to them in their assignments. They recommended that the program be continued for the benefit of senior officers of the Joint Chiefs of Staff and Defense Intelligence Agency whose duties require a working knowledge of the Central Intelligence Agency.

3. The respondents were asked to comment on the content and presentation of the briefings. There was general agreement that the speakers were well qualified. They were commended for the candidness of their approach and the manner in which they replied to questions. Several recommendations were received asking that speakers use specific examples of CIA operations to illustrate their presentations. The interviewees stated that the two days allotted for the briefing was adequate. Several suggestions were made for including a tour of portions of the Headquarters building during the course.
